Bonding Humanity with Acts of Kindness

Pandemi yang masih berlangsung tidak menyurutkan semangat Bakti Barito untuk membantu masyarakat rentan yang terdampak. Melalui berbagai kolaborasi, Bakti Barito dengan sigap memberikan kontribusi penanganan pandemi yang berarti, sejalan dengan keyakinannya bahwa solidaritas dan kemitraan akan membantu meringankan dampak pandemi, dan pada akhirnya mengatasi tantangannya bersama-sama.

The ongoing pandemic has not hindered Bakti Barito's spirit to help the vulnerable. Through various mutual collaboration, Bakti Barito swiftly made meaningful pandemic control contributions, in line with its belief that solidarity and partnership will help alleviate pandemic burden, and eventually overcoming its challenges together.

Pengantar

Opening Remarks

Yayasan Bakti Barito didirikan oleh pendiri Grup Barito Pacific sebagai wadah untuk berbagi dan berbakti kepada masyarakat dan lingkungan melalui program-program di bidang pendidikan, lingkungan, sosial, dan pemberdayaan ekonomi. Berpegang kepada prinsip bahwa keberadaan kami harus memberikan manfaat, nilai tambah, dan dampak yang terukur bagi masyarakat dan lingkungan, kami berkomitmen untuk secara aktif berkontribusi dalam pencapaian masyarakat cerdas dan sejahtera, serta lingkungan yang lestari.

Lonjakan kasus yang terjadi pada pertengahan tahun 2021 menjadikan pandemi yang sedang berlangsung tetap menjadi tantangan bagi kita semua. Kami turut prihatin kepada seluruh pihak yang terdampak. Bersama-sama kita harus bersatu untuk membantu memulihkan kesehatan bangsa dan terus membangun negara untuk kualitas kehidupan yang lebih baik.

The Bakti Barito Foundation was established by the founder of Barito Pacific Group as a way to share and serve the community and environment through education, environmental, social, and economic empowerment programs. Adhering to the principles that our existence must provide benefits, added value, and measurable impacts for the community and environment, we are committed to actively contributing to the achievement of a smart and prosperous society, as well as a sustainable environment.

The ongoing pandemic remains as a challenge for us all with the spike of positive cases that happened in the mid of 2021. We are deeply concerned for all affected parties. Together, we must unite to help restore the nation's health and steadily stay the course to build the country for a better quality of life.

Harlina Tjandinegara
Ketua Dewan Pembina
Chairperson of the Board of Trustees

Tahun 2021 tetap merupakan tahun yang penuh tantangan bagi Indonesia dan dunia. Lonjakan kasus positif COVID-19 di pertengahan tahun menuntut kolaborasi seluruh pihak untuk bahu-membahu memerangi pandemi. Kami tetap konsisten dengan komitmen kami untuk mendukung pemerintah dan masyarakat melalui donasi, bantuan obat-obatan dan alat kesehatan bagi mereka yang membutuhkan. Kami berharap kontribusi kami memiliki dampak yang berarti bagi masyarakat.

Kami percaya bahwa kerja sama yang saling menguntungkan adalah cara agar kita dapat mengatasi pandemi ini bersama-sama. Oleh karenanya, kami akan mempertahankan kolaborasi yang telah terbentuk dan akan terus berpartisipasi lebih banyak lagi di masa mendatang.

The year 2021 remains full of challenges for Indonesia and the world. The sudden spike of positive COVID-19 cases at mid-year demands the collaboration of all parties to work hand-in-hand to combat the pandemic. We remain consistent to our commitment to support the government and the community by providing donations, medicines, and medical equipment for those in need. We sincerely hope our humble contributions had a meaningful impact to the community.

We believe that mutual collaboration is a way to survive the pandemic. Therefore, we will preserve these collaborations and will continue to engage in more in the future.

Fifi Setiawaty
Ketua Dewan Pengurus
Chairperson of the Board of Managers

01

TENTANG YAYASAN BAKTI BARITO

About Bakti Barito Foundation

Sekilas Yayasan Bakti Barito

Bakti Barito Foundation at a Glance

Sejak tahun 2011, Yayasan Bakti Barito (Bakti Barito) didirikan untuk menjalankan perannya mendukung pembangunan berkelanjutan di Indonesia melalui kegiatan filantropi bersama-sama dengan anak-anak perusahaan Grup Barito Pacific.

Bakti Barito menjadi wadah bagi Grup Barito Pacific untuk berbagi dan berkarya bagi sesama, melalui kegiatan-kegiatan di bidang pendidikan, lingkungan, ekonomi, dan sosial.

Since 2011, Bakti Barito Foundation (Bakti Barito) has been playing its role in supporting sustainable development in Indonesia through philanthropic activities in collaboration with Barito Pacific Group's subsidiaries.

Bakti Barito serves as a platform for Barito Pacific Group to share and work for others. We focus on assisting the communities and conserving the environment through educational, environmental, economic, and social activities.

TUJUAN PURPOSE

1

Menjadi landasan seluruh upaya keberlanjutan Grup Barito Pacific
To become the foundation of all Barito Pacific Group's sustainability efforts

2

Meningkatnya kualitas hidup masyarakat
To improve the people's quality of life

3

Meningkatnya kualitas lingkungan hidup
To improve environmental quality

Bakti Barito bersinergi dengan anak perusahaan Grup Barito Pacific, komunitas, organisasi masyarakat sipil, dan instansi Pemerintah untuk memberikan manfaat yang berarti bagi semua pemangku kepentingan hari ini dan esok.

Bakti Barito synergizes with Barito Pacific Group, communities, NGOs, and government agencies in delivering meaningful benefits for all stakeholders today and tomorrow.

Membangun bangsa yang cerdas dan sejahtera dalam lingkungan yang lestari

To contribute in building a smart and prosperous nation in a sustainable environment

MISI
MISSION

- Membantu dalam kemitraan untuk perencanaan, pemantauan, pengulasan dan pengawasan, serta memberikan umpan balik untuk seluruh kegiatan keberlanjutan di bawah Grup Barito Pacific
- Memperkuat program keberlanjutan Grup Barito Pacific
- Mempercepat pemerataan dunia pendidikan di sekitar unit-unit bisnis dan afiliasi Grup Barito Pacific dan seluruh Indonesia.
- To assist in partnership for the planning, monitoring, reviewing and providing feedback for all sustainability activities under Barito Pacific Group
- To contribute in strengthening the sustainability programs of Barito Pacific Group
- To support the acceleration of education quality in and around Barito Pacific Group's business units and its affiliations throughout Indonesia.

Tujuan Pembangunan Berkelanjutan

Sustainable Development Goals

Tujuan Pembangunan Berkelanjutan (TPB) merupakan tujuan global untuk memastikan keadilan ekonomi, sosial, dan lingkungan dapat dicapai bersama-sama dengan kemajuan pembangunan. Bakti Barito berkontribusi bagi pembangunan di Indonesia dengan menjadikan TPB sebagai salah satu obyektif yang harus dicapai pada setiap program kegiatan untuk memastikan terjadinya perbaikan dengan dampak yang terukur di tengah-tengah masyarakat.

Bakti Barito dan Grup Barito Pacific mengidentifikasi indikator TPB yang relevan sebagai kriteria dalam menetapkan target dan mengukur dampak dari setiap program kegiatan. Terdapat 5 Tujuan Global di mana Bakti Barito memiliki peluang untuk memberikan manfaat yang signifikan melalui pilar-pilar program, dan 10 Tujuan Global di mana Bakti Barito dan Grup Barito Pacific berkontribusi pada pencapaiannya.

Rincian kontribusi Bakti Barito dan Grup Barito Pacific terhadap pencapaian TPB dapat dilihat di bab Kontribusi pada Tujuan Pembangunan Berkelanjutan dalam laporan ini.

Sustainable Development Goals (SDGs) are global goals to ensure that economic, social, and environmental equity can be achieved along with development progress. Bakti Barito contributes to the Indonesia's development by making SDGs as one of the objectives that must be achieved in every program to ensure meaningful improvements with measurable impacts in the community.

Bakti Barito and Barito Pacific Group have identified a number of relevant SDGs indicators as criteria to set targets and measure the impacts of each program. There are 5 Global Goals in which Bakti Barito has the opportunity to provide significant benefits through its programs, and 10 Global Goals in which Bakti Barito and Barito Pacific Group contribute to its achievement.

The details of Bakti Barito and Barito Pacific Group's contribution to the achievement of SDGs can be found in the Contribution to the Sustainable Development Goals chapter of this report.

PILLARS OF BAKTI BARITO FOUNDATION AND ITS CONTRIBUTION TO SDGs

Responses Terhadap COVID-19

Response to COVID-19

Melalui empat pilar program, Bakti Barito dan Grup Barito Pacific mendukung masyarakat Indonesia dalam menghadapi pandemi COVID-19 yang terus berlangsung sepanjang tahun 2021. Program-program yang terkait dengan penanganan pandemi terutama ditujukan untuk memberikan bantuan alat kesehatan yang dibutuhkan tenaga kesehatan dan fasilitas layanan kesehatan, serta mengurangi beban terutama pada masyarakat terdampak.

Seluruh donasi ini diberikan kepada rumah sakit, masyarakat di sekitar wilayah operasi perusahaan-perusahaan Grup Barito Pacific, serta kepada masyarakat terdampak lainnya yang membutuhkan di seluruh Indonesia. Bantuan ini dilakukan baik di level grup maupun masing-masing anak usaha berkoordinasi dengan Bakti Barito. Manajemen puncak turut terlibat dalam pengambilan keputusan dan berkontribusi dalam besaran dana program penanggulangan COVID-19.

Selain itu untuk memastikan keselamatan dan perlindungan yang optimal kepada karyawan, Grup Barito Pacific menerapkan protokol kesehatan yang ketat di seluruh area kerja serta memfasilitasi kegiatan vaksinasi COVID-19 untuk karyawan dan keluarganya.

Through their four pillars, Bakti Barito and Barito Pacific Group continue to support the people of Indonesia in dealing with COVID-19 pandemic that was happening throughout 2021. The programs related to pandemic response are primarily aimed at providing medical equipment and facilities needed by health workers and health services, as well as reducing the burden especially for the affected community.

All of the donations were given to hospitals, communities around the operational areas of Barito Pacific Group's companies, as well as to the other affected communities in need around Indonesia. This assistance was carried out both at the group and subsidiary levels, in coordination with Bakti Barito. The top management was involved in decision-making and contributed to the amount of funds donated for the COVID-19 response programs.

In addition, to ensure the safety and optimal protection for employees, Barito Pacific Group implements strict health protocols in all work areas and facilitates COVID-19 vaccination activities for employees and their families.

KOLABORASI ANTAR BANGSA RINGANKAN DAMPAK PANDEMI

Lonjakan kasus COVID-19 yang terjadi di Indonesia pada bulan Juni-Juli 2021 menyebabkan permintaan oksigen meningkat pesat, hingga fasilitas kesehatan kesulitan untuk mendapat suplai oksigen yang sangat dibutuhkan. Menyikapi hal tersebut, 15 perusahaan Indonesia dan Singapura bekerja sama dengan Yayasan Temasek, menunjukkan rasa kepedulian dengan mendonasikan 11.000 konsentrator oksigen (per 13 Juli 2021) untuk membantu Indonesia dalam upaya penanganan pandemi. Kerja sama ini difasilitasi oleh Kedutaan Besar Republik Indonesia di Singapura dan Kementerian Luar Negeri Singapura.

Termasuk di dalamnya adalah pendiri Barito Pacific melalui Bakti Barito, mendonasikan 3.000 unit konsentrator oksigen kepada Pemerintah Indonesia. Solidaritas dan hubungan sinergis antar bangsa antara Indonesia dan Singapura diharapkan mampu meringankan dampak pandemi di Indonesia.

Ketua Yayasan Bakti Barito, Ibu Fifi Setiawaty, mengatakan, "(Donasi) ini adalah bentuk dari rasa persaudaraan dan simpati kami sebagai perusahaan Indonesia, karena pandemi ini hanya dapat kita lalui apabila kita saling mendukung dan membantu satu sama lain."

COLLABORATION BETWEEN NATIONS LIGHTENS THE IMPACT OF THE PANDEMIC

The spike in COVID-19 cases in Indonesia during the period of June-July 2021 has caused a rapid demand for oxygen, making it difficult for health facilities to obtain the much-needed oxygen supply. In response to this, 15 Indonesian and Singaporean companies in collaboration with Temasek Foundation, expressed their concern by donating 11,000 oxygen concentrators (as of July 13, 2021) to assist Indonesia in dealing with the pandemic. This collaboration was facilitated by the Embassy of the Republic of Indonesia in Singapore and the Ministry of Foreign Affairs of Singapore.

The founder of Barito Pacific through Bakti Barito also donated 3,000 units of oxygen concentrators to the Government of Indonesia. The strong solidarity and synergetic relations between Indonesia and Singapore are expected to ease the impact of the pandemic in Indonesia.

The chairperson of Bakti Barito Foundation, Ms. Fifi Setiawaty, stated that "This (donation) is a form of our solidarity and sympathy as an Indonesian company, because we can only get through this pandemic if we support and help each other."

BANTUAN UNTUK KEGIATAN KESEHATAN

Gelombang virus varian baru yang terjadi menyebabkan kejutan pada masyarakat dan layanan kesehatan di dunia termasuk di Indonesia. Bakti Barito dan Grup Barito Pacific meneruskan donasi alat kesehatan yang diperlukan untuk *testing, tracing, dan treatment* COVID-19, tidak hanya di Indonesia tetapi juga memberikan bantuan ke negara tetangga.

DONASI BERAS KEPADA MASYARAKAT TERDAMPAK PANDEMI

Pendiri Grup Barito Pacific melalui Bakti Barito dengan dukungan pasokan dari FKS Food, mendonasikan 1.000 ton beras kepada masyarakat terdampak Pemberlakuan Pembatasan Kegiatan Masyarakat (PPKM) Darurat akibat lonjakan kasus COVID-19 di Jawa Tengah. Bantuan disalurkan melalui Komando Daerah Militer IV/Diponegoro dan memperoleh apresiasi dari Menteri Koordinator Bidang Kemaritiman dan Investasi Indonesia, sekaligus Wakil Ketua Komite Penanganan COVID-19 dan Pemulihan Ekonomi Nasional, Luhut Binsar Pandjaitan.

ASSISTANCE FOR HEALTH ACTIVITIES

The new variants of virus that emerged has caused a shock to the public and health services around the world, including in Indonesia. Bakti Barito and Barito Pacific Group continue to donate medical equipment needed for testing, tracing, and treating COVID-19, not only in Indonesia but also assisting the neighboring countries.

RICE DONATION TO COMMUNITIES AFFECTED BY THE PANDEMIC

The founder of Barito Pacific Group through Bakti Barito with supplies from FKS Food, have donated 1,000 tons of rice to communities affected by the Emergency Community Activity Restrictions (PPKM) due to the spike in COVID-19 cases in Central Java. The assistance was distributed through the Regional Military Command IV/Diponegoro and received appreciation from the Indonesian Coordinating Minister for Maritime Affairs and Investment, who also acts as Deputy Chair of the Committee for COVID-19 Response and National Economic Recovery, Luhut Binsar Pandjaitan.

VAKSINASI COVID-19

Vaksinasi untuk menghadapi Coronavirus menjadi terobosan penting dalam menghadapi pandemi dan membangun daya tahan kesehatan masyarakat di masa depan. Unit-unit usaha Barito Pacific Group telah ikut serta dalam program Vaksinasi Gotong Royong untuk menyediakan vaksin bagi angkatan kerja.

Kami juga mendukung program vaksinasi gratis bagi masyarakat umum dengan memfasilitasi kegiatan sentra-sentra vaksinasi di sekitar daerah operasi agar masyarakat memperoleh akses kegiatan ini.

Pada tahun 2021, didukung oleh Bakti Barito dan bekerja sama dengan pemerintah Kabupaten Sukabumi, Star Energy Geothermal menyelenggarakan program vaksinasi untuk masyarakat Kabandungan. Program ini bertujuan untuk meningkatkan perlindungan bagi masyarakat yang tinggal di wilayah operasional Star Energy Geothermal dari pandemi COVID-19. Pemerintah Kabupaten Sukabumi berharap program vaksinasi ini dapat meningkatkan capaian vaksinasi di Kabupaten Sukabumi dari 34% menjadi 50%.

Chandra Asri dan Royal Lestari Utama juga memfasilitasi program vaksinasi untuk karyawan serta masyarakat sekitar wilayah operasi untuk memberikan perlindungan terbaik dan mewujudkan kekebalan kelompok.

DONASI MELALUI KSEI

PT Barito Pacific Tbk melalui Bakti Barito dan juga PT Chandra Asri Petrochemical Tbk, mendonasikan dana sebesar Rp9.000.000.000 kepada Kustodian Sentral Efek Indonesia (KSEI) untuk mendukung penanganan COVID-19 bagi masyarakat. KSEI merupakan Lembaga Penyimpanan dan Penyelesaian (LPP) di Pasar Modal Indonesia.

DONASI MELALUI YAYASAN WANA ARTHA

Bakti Barito mendonasikan dana sebesar Rp5.000.000.000 kepada Yayasan Wana Artha yang kemudian disalurkan dalam bentuk vitamin dan obat-obatan kepada masyarakat terdampak pandemi. Yayasan Wana Artha merupakan yayasan yang berada di bawah WanaArtha Life yang bergerak dalam bidang sosial dan kemanusiaan.

COVID-19 VACCINATION

Vaccination against Coronavirus is an important breakthrough in dealing with pandemic and building public health resilience in the future. Barito Pacific Group's business units have participated in the Gotong Royong Vaccination program to provide vaccines for their workforce.

We also support the free public vaccination program by facilitating the activities of vaccination centers in the vicinity of the operation areas accessible by the communities.

In 2021, supported by Bakti Barito and in collaboration with the Sukabumi Regency government, Star Energy Geothermal organized a vaccination program for the Kabandungan community. This program was aimed to protect the people living in Star Energy Geothermal's operational areas from the COVID-19 pandemic. The Sukabumi Regency Government hoped that this vaccination program was able to increase the vaccination achievement in Sukabumi Regency from 34% to 50%.

Chandra Asri and Royal Lestari Utama also facilitated a vaccination program for its employees and the community around the operational area to provide the best protection and establish herd immunity.

DONATION THROUGH KSEI

PT Barito Pacific Tbk through Bakti Barito and PT Chandra Asri Petrochemical Tbk, donated IDR9,000,000,000 to the Indonesia Central Securities Depository (KSEI) to support the COVID-19 handling for the community. KSEI is the Depository and Settlement Institution in the Indonesian Capital Market.

DONATION THROUGH WANA ARTHA FOUNDATION

Bakti Barito donated IDR5,000,000,000 to the Wana Artha Foundation which was then distributed in the form of vitamins and medicines to the communities affected by the pandemic. Wana Artha Foundation is a foundation under WanaArtha Life which is engaged in social and humanitarian fields.

Program Unggulan

Flagship Programs

BAKTI PANGAN LESTARI

Bakti Pangan Lestari merupakan program untuk mendukung Ketahanan Pangan Nasional melalui pertanian terpadu. Bakti Barito bersama PT Royal Lestari Utama melakukan pendampingan dan pemberdayaan petani untuk mencapai kedaulatan pangan melalui Kawasan Rumah Pangan Lestari, serta meningkatkan pendapatan dari hasil pertanian melalui metode pertanian terpadu dan berkelanjutan yang dapat diimplementasikan oleh masyarakat di seluruh Indonesia.

Bakti Pangan Lestari memiliki 4 (empat) program utama, yaitu:

Pada tahun 2021, pelaksanaan program Bakti Pangan Lestari dititikberatkan pada upaya mencetak petani muda kompeten untuk menjaga dan memastikan ketahanan serta kemandirian pangan nasional, melalui revitalisasi kurikulum SMK Pertanian bidang keahlian Agribisnis dan Agroteknologi.

Rincian mengenai pelaksanaan program Bakti Pangan Lestari dapat dilihat di bab Pemberdayaan Ekonomi pada laporan ini.

BAKTI PANGAN LESTARI

Bakti Pangan Lestari is a program to support National Food Security through integrated agriculture. Bakti Barito together with PT Royal Lestari Utama assist and empower farmers to achieve food sovereignty through the Rumah Pangan Lestari Area, as well as increase income from agricultural products through integrated and sustainable agricultural methods that can be implemented by communities throughout Indonesia.

Bakti Pangan Lestari has 4 (four) main programs as follows:

In 2021, the implementation of the Bakti Pangan Lestari focused on the efforts to produce competent young farmers to maintain and ensure the resilience and independence of national food supplies, by revitalizing the curriculum for the Agriculture and Agrotechnology majors in Vocational Schools.

The details for the implementation of Bakti Pangan Lestari can be seen in the Economic Empowerment chapter of this report.

BAKTI KELOLA LINGKUNGAN

Bakti Kelola Lingkungan merupakan kontribusi Bakti Barito dan Grup Barito Pacific dalam pengelolaan lingkungan melalui berbagai kegiatan seperti reforestasi, revitalisasi mata air, merawat keanekaragaman hayati, dan pengelolaan sampah.

Melalui program ini, Bakti Barito juga berupaya untuk memberikan pemahaman tentang pengelolaan sampah plastik yang benar kepada masyarakat melalui perangkat pembelajaran "Kelola Plastik untuk Bumi Lestari". Perangkat pembelajaran ini bertujuan untuk memberikan pemahaman mengenai plastik dan cara mengelolanya dengan tepat, menumbuhkan perilaku pengelolaan sampah dengan benar sejak dini, dan menanamkan perilaku konsumsi yang bertanggung jawab.

Rincian mengenai pelaksanaan program Bakti Kelola Lingkungan dapat dilihat di bab Lingkungan pada laporan ini.

BAKTI KELOLA LINGKUNGAN

Bakti Kelola Lingkungan is the contribution of Bakti Barito and the Barito Pacific Group in environmental management through various activities such as reforestation, spring revitalization, biodiversity conservation, and waste management.

Through this program, Bakti Barito also seeks to provide an understanding of proper plastic waste management to the community through the "Kelola Plastik untuk Bumi Lestari" (Plastic Management for a Sustainable Earth) learning toolkit. This toolkit is intended to provide an understanding of plastic, foster proper waste management behavior from an early age, and instill responsible consumption behavior.

Details regarding the implementation of Bakti Kelola Lingkungan program can be found in the Environment chapter of this report.

02

PENDIDIKAN

Education

Sebagai landasan bagi pembangunan sumber daya manusia, pendidikan merupakan salah satu fokus utama bagi Yayasan Bakti Barito. Bakti Barito berkomitmen untuk membantu meningkatkan kualitas pendidikan bagi guru dan siswa di Indonesia melalui program-program yang bertujuan mendorong motivasi siswa untuk belajar dan bertumbuh kembang, meningkatkan kemampuan literasi, numerasi, dan pengembangan karakter sesuai dengan Pancasila.

As the foundation for human resource development, education is one of the main focuses of Bakti Barito Foundation. Bakti Barito is committed to improving the quality of education for teachers and students in Indonesia through programs aimed at motivating student to learn and grow, improve literacy, numeracy, and character development in accordance with Pancasila.

PENDEKATAN KAMI

Program-program pendidikan yang diselenggarakan oleh Bakti Barito meliputi penyelenggaraan beasiswa, peningkatan kapasitas dan kompetensi guru, serta kegiatan yang memberikan manfaat praktis seperti keahlian pertanian dan keterampilan lainnya untuk membuka peluang usaha bagi anak muda.

Sementara program pendidikan yang dilakukan di Grup Barito Pacific mencakup kegiatan beasiswa dan penyediaan infrastruktur pendidikan yang dimanfaatkan bagi peserta didik usia dini hingga pendidikan tinggi, serta peningkatan kapasitas guru. Penerima manfaat program adalah anggota masyarakat yang tinggal di dekat daerah operasi anak perusahaan masing-masing dan anak karyawan perusahaan.

OUR APPROACH

Bakti Barito organizes educational programs including scholarships, capacity building training for teachers, as well as activities that provide practical benefits such as agricultural skills and others that generate business opportunities for the youth.

Meanwhile, the educational programs organized by Barito Pacific Group include scholarships and provision of educational infrastructure for students from early childhood to higher education, as well as teacher capacity building. The beneficiaries of the programs are community members around the operating areas of each subsidiary and children of employees.

Ensuring the highest level of education for children.

2

SDG 4.1.1 Rata-rata lama sekolah anak usia >15 tahun (minimal 12 tahun anak karyawan Barito Pacific)
SDG 4.1.1 Mean years of schooling for children aged >15 years old (minimum 12 years old for children of Barito Pacific employees)

Pusat Studi Pendidikan dan Kebijakan

Center for Education and Policy Studies

Bakti Barito mendukung kegiatan Pusat Studi Pendidikan dan Kebijakan (PSPK) dalam inisiatif-inisiatif yang bertujuan untuk mewujudkan pendidikan yang berkualitas melalui beragam proyek berkolaborasi dengan Pemerintah, institusi perguruan tinggi dan sekolah negeri maupun swasta, praktisi dan peneliti di bidang pendidikan, serta komunitas.

Saat ini PSPK menangani 24 proyek yang terdiri dari serangkaian kegiatan penelitian, advokasi, serta implementasi diharapkan mampu memberikan dampak dalam skala yang lebih besar. Pada tahun 2021, terdapat 13 proyek yang didukung oleh Bakti Barito dengan sasaran antara lain:

Bakti Barito supports the activities of the Center for Education and Policy Studies in its initiatives aiming at realizing quality education through various projects in collaboration with the Government, public and private higher education institutions and schools, practitioners and researchers in the field of education, and the community.

The Center is currently handling 24 projects consisting of a series of research, advocacy, and implementation which are expected to provide greater impacts. In 2021, there were 13 projects supported by Bakti Barito with the following targets:

Kurikulum Nasional Pertanian

Agricultural National Curriculum

Pengembangan kurikulum yang ditujukan bagi sekolah menengah kejuruan (SMK) ini merupakan bagian dari Program Bakti Pangan Lestari untuk berkontribusi pada ketahanan dan ketangguhan pangan nasional melalui peningkatan kapasitas petani dan revitalisasi kurikulum nasional tentang prinsip-prinsip pertanian terpadu dan berkelanjutan.

Bakti Barito bekerja sama dengan organisasi berbasis masyarakat, The Learning Farm, untuk membuat modul-modul terkini yang relevan di bidang agribisnis dan agroteknologi, khususnya penerapan prinsip usaha pertanian terpadu.

Tujuan/dampak yang ingin dicapai:

- Membangun lulusan SMK Pertanian yang mandiri, sejahtera, terampil, dan kompeten dalam bidangnya sesuai perkembangan zaman;
- Membangun *new breed of farmers* untuk ketahanan pangan dan keberlanjutan bangsa.

Pada tahun 2021 Bakti Barito dan The Learning Farm mulai mengajarkan modul-modul tersebut kepada guru-guru SMK dari sejumlah provinsi di Indonesia melalui *pilot project*. Modul revitalisasi dan hasil pelatihan akan diserahkan secara resmi kepada Kementerian Pendidikan dan Kebudayaan untuk menjadi masukan strategis.

KERJA SAMA MEMAJUKAN SEKOLAH VOKASI INDONESIA

Bakti Barito juga mendukung upaya pemerintah Indonesia untuk semakin memajukan kualitas pendidikan vokasi dan kualitas sumber daya manusia dalam sektor pendidikan. Dalam komitmen ini, pada September 2021 Bakti Barito menandatangani pakta komitmen kerjasama antara sektor industri dengan Dinas Pendidikan dan Kebudayaan Provinsi Jawa Tengah untuk perkembangan dan kemajuan Sekolah Vokasi Indonesia. Turut bergabung dalam inisiatif termasuk beberapa kelompok usaha swasta besar di Indonesia.

Kerjasama yang akan dilakukan meliputi revitalisasi bangunan, peremajaan alat penunjang belajar mengajar, pengembangan *soft skill*, program *link and match* antara Sekolah Menengah Kejuruan (SMK) di Surakarta dan sekitarnya dengan kebutuhan pasar dan dunia industri, serta program-program lain yang nantinya akan disepakati oleh semua pihak.

The curriculum development aimed at vocational high schools is part of the Bakti Pangan Lestari Program to contribute to national food security through capacity building for farmers and revitalization of the national curriculum on the principles of integrated and sustainable agriculture.

Bakti Barito collaborates with a community-based organization, The Learning Farm, to create the latest relevant modules in agribusiness and agrotechnology, particularly the application of integrated agricultural business.

Goals/impacts to be achieved:

- To develop Agricultural Vocational School graduates who are independent, prosperous, skilled, and competent in their fields according to the current development;
- To develop new breed of farmers for food security and sustainability.

In 2021, Bakti Barito and The Learning Farm started teaching these modules to Vocational High School teachers from a number of provinces in Indonesia through pilot projects. The results of the module revitalization and training will be formally submitted to the Ministry of Education and Culture for strategic input.

PARTNERSHIP TO ADVANCE VOCATIONAL SCHOOLS IN INDONESIA

Bakti Barito supports the efforts of Indonesian government in enhancing the quality of vocational education and human resource quality in the education sector. With this commitment, in September 2021 Bakti Barito signed a cooperation agreement between the industrial sector and the Central Java Provincial Education and Culture Office for the development and progress of Indonesian Vocational Schools. Also joining the initiative are several large private business groups in Indonesia.

The cooperation will include revitalizing buildings, rejuvenating teaching and learning support tools, developing soft skills, link and match programs between Vocational High Schools in Surakarta and its surroundings with market and industrial needs, as well as other programs to be agreed upon by all parties.

Kurikulum Nasional Usaha Pertanian Terpadu Integrated Agricultural Business National Curriculum

Mempromosikan prinsip pertanian terpadu untuk menjawab tantangan di masa depan antara lain keterbatasan lahan, sumber daya, dan perubahan iklim.
Promoting the principles of integrated agriculture to address future challenges, such as limited land and resources and climate change.

Usaha Pertanian Terpadu memiliki pendekatan integrasi tanaman-ternak-ikan sehingga dengan input minimal dan pemanfaatan siklus ekosistem alami dapat meminimalisir penggunaan bahan eksternal seperti pupuk kimia dan pestisida kimia hingga mendapatkan hasil yang lebih menguntungkan, lebih ramah lingkungan, dan beragam.
The Integrated Agricultural Business has an integrated plant-livestock-fish approach. With minimal input and using natural ecosystem cycles, this approach can minimize the use of external materials such as chemical fertilizers and pesticides to obtain more profitable, more environmentally friendly, and diverse results.

TARGET DAN INDIKATOR TPB SDGs TARGET AND INDICATOR

1

SDG 2.3.1* Nilai Tambah Pertanian dibagi jumlah tenaga kerja di sektor pertanian (rupiah per tenaga kerja).
SDG 2.3.1* Value Added of Agriculture divided by the number of workers in the agricultural sector (rupiah per worker).

2

SDG 2.3.2 Rata-rata pendapatan produsen pertanian skala kecil, menurut jenis dan status adat.
SDG 2.3.2 Average income of small-scale agricultural producers, by type and customary status.

PEMBINAAN SEKOLAH

Bakti Barito membantu pembinaan Sekolah Ehipassiko yang merupakan sekolah binaan dari monastik Wihara Ekayana yang menerapkan sistem pendidikan berbasis pelatihan kesadaran yang diharapkan mampu memfasilitasi peserta didik dan guru dalam pembelajaran serta pertumbuhan karakter. Kami memfasilitasi kegiatan pendampingan dan monitoring pengelolaan serta memberikan rekomendasi untuk pengembangan sekolah.

SCHOOL DEVELOPMENT

Bakti Barito helps develop the Ehipassiko School which is a fostered school from the Wihara Ekayana monastery which implements an education system based on awareness training which is expected to facilitate students and teachers in learning and character development. We facilitate mentoring and management monitoring activities and provide recommendations for school development.

Program Pendidikan di Grup Barito Pacific

Education Program in Barito Pacific Group

CHANDRA ASRI

Selain program beasiswa yang ditujukan kepada masyarakat yang tinggal di dekat area perusahaan, Chandra Asri juga menyelenggarakan tanggung jawab sosial di bidang pendidikan pada pengembangan lembaga pendidikan yaitu Pendidikan Anak Usia Dini (PAUD) dan pembinaan sekolah untuk mencapai status Sekolah Adiwiyata.

Pada tahun 2021, Chandra Asri meresmikan PAUD Cahaya Bintang yang dibangun dan dilengkapi dengan sarana pendidikan layak serta donasi buku sebagai bagian dari kegiatan Pojok Literasi. PAUD Cahaya Bintang berlokasi di Desa Grogol Indah, Kecamatan Anyar, Kabupaten Serang, Banten.

CHANDRA ASRI

In addition to the scholarship program aimed at people living around the operational areas, Chandra Asri also carries out social responsibilities in the field of education by developing educational institutions, namely Early Childhood Education (PAUD) and school development to achieve Adiwiyata School status.

In 2021, Chandra Asri inaugurated the Cahaya Bintang PAUD which was built and equipped with proper educational facilities and book donations as part of the Literacy Corner activities. Cahaya Bintang PAUD is located in Grogol Indah Village, Anyar District, Serang Regency, Banten.

Kegiatan pengembangan pendidikan berwawasan lingkungan dilakukan Chandra Asri dengan memfasilitasi penerapan kriteria Sekolah Adiwiyata berbasis budaya, kesadaran, dan pelestarian lingkungan, untuk 2 madrasah tsanawiyah yang berada di Kabupaten Serang dan 2 sekolah menengah atas di Kota Cilegon.

STAR ENERGY GEOTHERMAL

Desa Terampil merupakan program unggulan bidang pendidikan yang dilaksanakan oleh Star Energy Geothermal (SEG) bagi komunitas pedesaan di sekitar Wilayah Kerja Panas Bumi Wayang Windu, Salak, dan Darajat. Program Desa Terampil disesuaikan dengan kebutuhan masyarakat dan pengembangan pendidikan yang dibutuhkan pada saat itu. Pada tahun 2021 Desa Terampil di SEG Salak mengembangkan perpustakaan dan rumah belajar yang memungkinkan warga desa memiliki akses pengetahuan di luar sekolah sedangkan di SEG Darajat meningkatkan kompetensi tenaga pengajar melalui program Sekolah Cerdas di 2 Kecamatan yang berada di sekitar wilayah operasi.

ROYAL LESTARI UTAMA

Kegiatan pengembangan pendidikan generasi muda dilakukan oleh Royal Lestari Utama (RLU) melalui kegiatan *Community Partnership Program* (CPP) khususnya di sekitar wilayah pengusahaan hutan di mana akses dan kelengkapan sarana dan prasarana pendidikan relatif terbatas. Dukungan yang diberikan RLU antara lain berupa bantuan operasional kegiatan PAUD, penyediaan Taman Bacaan, pembinaan untuk SMK pertanian.

Environmental education development activities are carried out by Chandra Asri by facilitating the application of Adiwiyata School criteria based on culture, awareness, and environmental preservation, for 2 madrasah tsanawiyah in Serang Regency and 2 high schools in Cilegon City.

STAR ENERGY GEOTHERMAL

"Desa Terampil" is an educational program in the field of education implemented by Star Energy Geothermal (SEG) for rural communities around the Geothermal Working Area of Wayang Windu, Salak, and Darajat. Desa Terampil Program was adapted to the needs of the community and the development of education needed at that time. In 2021, Desa Terampil program in SEG Salak developed a library and learning house that allowed villagers to have access to knowledge outside of school, whereas in SEG Darajat, the program increased the competence of teaching staff through "Sekolah Cerdas" (Smart Schools) program in 2 regencies around the operational area.

ROYAL LESTARI UTAMA

The educational development activities for the younger generation is carried out by Royal Lestari Utama (RLU) through Community Partnership Program (CPP) activities, especially around forest concession areas where access, educational facilities, and infrastructure are relatively limited. RLU provides operational assistance for PAUD activities, provision of community library, and coaching for agricultural vocational high schools (SMK).

PAUD Cahaya Bintang

Cahaya Bintang Early Childhood Education

Pendidikan Anak Usia Dini (PAUD) Cahaya Bintang adalah salah satu dari 4 PAUD yang dibangun kembali sesuai dengan harapan warga Kampung Kamurang Pal, Desa Grogol Indah, Kecamatan Anyar, Kabupaten Serang yang berdekatan dengan Site Office Ciwandan. PAUD Cahaya Bintang semula dibangun tahun 2012 di ruang tamu seorang warga kampung. Chandra Asri bekerja sama dengan Happy Hearts Indonesia untuk membangun dan melengkapi fasilitas pendukung kegiatan PAUD selama kurang lebih empat bulan.

PAUD Cahaya Bintang diresmikan oleh perwakilan Dinas Pendidikan Kabupaten Serang dan HIMPAUDI Kecamatan Anyar. Di sini Chandra Asri juga mendonasikan buku bacaan untuk Program Literasi masyarakat.

Cahaya Bintang Early Childhood Education (PAUD) is one of 4 PAUDs that was rebuilt to meet the expectations of the residents in Kamurang Pal, Grogol Indah Village, Anyar District, Serang Regency which is adjacent to Ciwandan Site Office. Cahaya Bintang PAUD was originally built in 2012 in a living room of a villager. Chandra Asri collaborated with Happy Hearts Indonesia to build and equip supporting facilities for PAUD activities for approximately four months.

Cahaya Bintang PAUD was inaugurated by the representatives of the Serang Regency Education Office and HIMPAUDI of Anyar District. Chandra Asri also donated books for the Community Literacy Program.

Pendidikan di Sekitar Wilayah Operasi Star Energy Geothermal

Education around Star Energy Geothermal's Operational Area

Program pendidikan menjadi salah satu fokus kegiatan pengembangan masyarakat di sekitar wilayah kerja panas bumi Star Energy Geothermal (SEG). Program-program pendidikan yang dilaksanakan pada tahun 2021 antara lain:

- Program kesetaraan Kejar Paket A, B, dan C di Rumah Pintar Pangalengan untuk 80 peserta didik yang dibina SEG Wayang Windu dan penyediaan beasiswa prestasi atau tidak mampu untuk belajar di perguruan tinggi untuk 1.516 mahasiswa
- Program Beasiswa yang diberikan pada siswa tidak mampu dalam Program Desa Caang yang diselenggarakan oleh SEG Darajat untuk 30 orang siswa.

The education program is one of the focuses of community development activities around Star Energy Geothermal (SEG) geothermal work area, with educational programs implemented in 2021 as follows:

- The Education Packages A, B, and C equivalency program at Pangalengan Smart House for 80 students fostered by SEG Wayang Windu and scholarships for excellent students or underprivileged students to pursue higher education for 1,516 students
- Scholarship Program for underprivileged students in the Desa Caang Village Program organized by SEG Darajat for 30 students.

03

Lingkungan Environment

Kualitas kelestarian lingkungan hidup menentukan kualitas kehidupan manusia yang tinggal di dalamnya. Bakti Barito dan Grup Barito Pacific turut berkontribusi dalam upaya pelestarian lingkungan melalui berbagai inisiatif sebagai upaya meringankan beban lingkungan akibat dampak kegiatan usaha.

The quality of the environment determines the quality of human life. Bakti Barito and Barito Pacific Group also contribute to environmental conservation efforts through various initiatives to ease the environmental burden caused by the impact of business activities.

PENDEKATAN KAMI

Sebagai kontribusi dalam upaya pengelolaan lingkungan, Bakti Barito memusatkan kegiatannya melalui media pendidikan yang dapat menjangkau lebih banyak masyarakat tentang pentingnya menanamkan kesadaran untuk mengelola sampah dengan benar, dan mendorong perilaku konsumsi yang bertanggung jawab.

OUR APPROACH

As our contribution to environmental management efforts, Bakti Barito focuses its activities through educational media for a wider range of awareness on the importance of proper waste management and responsible consumption.

Bakti Kelola Lingkungan

Bakti Kelola Lingkungan

Program Bakti Kelola Lingkungan merupakan kontribusi Bakti Barito dan Grup Barito Pacific dalam pengelolaan lingkungan. Melalui kerja sama *multi-stakeholder*, Bakti Barito mendorong inisiatif hal-hal positif demi keselamatan alam seperti reforestasi, revitalisasi mata air, merawat keanekaragaman hayati, hingga pengelolaan sampah.

Bakti Kelola Lingkungan is a contribution of Bakti Barito and Barito Pacific Group in environmental management. Through multi-stakeholder collaboration, Bakti Barito encourages positive initiatives for the safety of nature, such as reforestation, spring revitalizing, maintaining biodiversity, and waste management.

- 46 peserta dari 20 institusi di Wisma Barito Pacific mengikuti pelatihan pengelolaan sampah
46 participants from 20 institutions at Wisma Barito Pacific attended waste management training

2021

Kelola Plastik untuk Bumi Lestari

Plastic Management for a Sustainable Earth

Plastik merupakan buah kemajuan teknologi yang dimanfaatkan oleh umat manusia dalam kehidupannya. Namun kurangnya pemahaman akan pengelolaan plastik yang tepat menyebabkan timbulnya permasalahan lingkungan yang diakibatkan oleh sampah plastik yang tidak terkelola.

Untuk menjawab tantangan ini, Bakti Barito bekerja sama dengan STKIP Surya dan National Plastic Action Partnership (NPAP) untuk memberikan pemahaman tentang pengelolaan sampah plastik yang benar, melalui perangkat pembelajaran "Kelola Plastik Untuk Bumi Lestari". Perangkat pembelajaran ini ditujukan kepada pelajar sekolah dasar agar mendapatkan pengetahuan mengenai pengolahan sampah sejak dini dan menanamkan perilaku konsumsi yang bertanggung jawab.

Kelola Plastik Untuk Bumi Lestari dibangun dalam bentuk modul-modul pembelajaran untuk guru dan murid untuk memberikan pemahaman mengenai plastik sekaligus mendorong perilaku pengelolaan yang tepat. Materi pembelajaran disajikan melalui media edutainment berbentuk *e-book*, video, serta permainan interaktif agar lebih menarik bagi para pelajar dan mudah untuk dipahami.

Plastic is the result of technological advancement that is useful in human lives. However, lack of understanding of proper plastic waste management has caused environmental problems due to unmanaged plastic waste.

To answer this challenge, Bakti Barito is collaborating with STKIP Surya and National Plastic Action Partnership (NPAP) to provide better understanding for proper plastic waste management, through the "Kelola Plastik untuk Bumi Lestari" (Plastic Management for a Sustainable Earth) learning toolkit. This toolkit is intended for elementary school students to gain knowledge about waste management from an early age as well as to instill a responsible consumption behaviour.

Kelola Plastik untuk Bumi Lestari was created in the form of learning modules for teachers and students to provide an understanding on plastics while encouraging proper behavioral management. Learning materials are presented through edutainment media in the form of e-books, videos, and interactive games to make them more appealing and easier for students to understand.

Kelola Plastik untuk Bumi Lestari

Plastic Management for a Sustainable Earth

Merupakan perangkat pembelajaran yang dikembangkan sesuai dengan kaidah-kaidah penulisan kurikulum 2013 dan kurikulum merdeka sesuai standar dari Kemendikbudristek.

Inisiatif ini juga merupakan salah satu bentuk dukungan terhadap program pemerintah untuk mengurangi sampah tidak terkelola hingga 70% di tahun 2030.

Akses melalui <https://belajarkelolaplastik.id>

A learning tool developed in accordance with the guidelines for 2013 curriculum and independent curriculum from the Ministry of Education and Culture.

This initiative is also a form of support for the government's program to reduce unmanaged waste by 70% by 2030.

Accessible through <https://belajarkelolaplastik.id>

UNTUK GURU

Membangun pemahaman baru tentang plastik, konsumsi yang bertanggung jawab, dan pengelolaan sampah

FOR TEACHERS

Building new understanding on plastics, responsible consumption, and waste management.

UNTUK MURID

- Perubahan perilaku sejak dini untuk menggunakan plastik dan mengelolanya secara bertanggung jawab;
- Membangun kemampuan berpikir kritis dan keputusan berdasarkan kerangka berpikir logis

FOR STUDENTS

- Behavior changes at an early age to use plastic and manage waste responsibly;
- Building critical thinking skill and decision making based on a logical thinking framework

TARGET DAN INDIKATOR TPB

SDGs TARGET AND INDICATOR

1

Membuat perangkat pembelajaran mengenai plastik bagi anak-anak tingkat SD agar memiliki pemahaman berdasarkan data yang akurat sehingga memahami bagaimana harus mengelola plastik secara tepat.

To create learning tools regarding plastic for elementary school level children to have understanding based on accurate data and to understand how to manage plastic properly.

2

SDG 12.5.1 Tingkat daur ulang Nasional, ton bahan daur ulang.
SDG 12.5.1 National recycling rate, tons of recycling material

Program Lingkungan di Grup Barito Pacific

Environmental Programs in Barito Pacific Group

CHANDRA ASRI

Sebagai pabrik petrokimia terintegrasi terbesar di Indonesia, program tanggung jawab lingkungan yang dilakukan Chandra Asri terutama merupakan perwujudan prinsip *Extended Producer Responsibility* (EPR) untuk mendukung program pemerintah dalam Rencana Aksi Nasional Penanganan Sampah Laut. Program ini menargetkan pengurangan sampah laut sebesar 70% pada 2025.

Program-program EPR dipusatkan pada penerapan ekonomi sirkuler untuk mengelola sampah plastik dengan pemberdayaan komunitas dan pendekatan teknologi. Chandra Asri mendorong masyarakat untuk memilah dan memilih sampah berdasarkan jenisnya. Sampah plastik yang tidak bernilai ekonomi diolah dengan *waste-to-energy* serta dimanfaatkan untuk campuran aspal plastik. Upaya ini dapat mengurangi jumlah sampah plastik yang terbuang ke Tempat Pembuangan Akhir dan mencegah pencemaran lingkungan.

Chandra Asri mengelola keanekaragaman hayati untuk meningkatkan daya dukung lingkungan melalui pengelolaan Taman Kehati Asri, pelestarian terumbu karang di Pulau Panjang, serta melalui kemitraan jasa lingkungan untuk melindungi Daerah Aliran Sungai Cidanau dan ketersediaan sumber daya air.

STAR ENERGY GEOTHERMAL

Menjaga kelestarian lingkungan merupakan bagian dari tanggung jawab SEG sebagai produsen energi dengan sumber panas bumi. SEG mengembangkan program-program konservasi berbasis komunitas yang bertujuan melindungi sumber daya alam, rehabilitasi lahan, perlindungan keanekaragaman hayati, dan pemberdayaan masyarakat berbasis sumber daya alam untuk kegiatan pertanian maupun ekowisata.

CHANDRA ASRI

As the largest integrated petrochemical plant in Indonesia, Chandra Asri's environmental responsibility program is primarily the embodiment of the Extended Producer Responsibility (EPR) principle to support government programs in the National Action Plan on Marine Debris Management. The program targets a 70% reduction in marine debris by 2025.

The EPR programs are focused on implementing a circular economy to manage plastic waste with community empowerment and a technological approaches. Chandra Asri encourages people to segregate waste based on its type. Plastic waste with no economic value is processed with waste-to-energy and used for plastic asphalt mixtures. This effort can reduce the amount of plastic waste in landfills and prevent environmental pollution.

Chandra Asri manages biodiversity to increase environmental carrying capacity through the management of Taman Kehati Asri, a coral reef conservation on Panjang Island, and through environmental service partnerships to protect Cidanau watershed and the availability of water resources.

STAR ENERGY GEOTHERMAL

Environmental conservation is part of SEG's responsibility as a producer of geothermal energy. SEG develops community-based conservation programs aimed at protecting natural resources, rehabilitating land, protecting biodiversity, and empowering natural resource-based communities for agricultural and ecotourism activities.

Selain itu, SEG juga menaruh perhatian khusus pada pelestarian sumber air. Ailih fungsi lahan dan perubahan iklim telah menyebabkan risiko pada sumber daya air termasuk di sekitar wilayah operasi panas bumi. Untuk itu SEG melakukan inisiatif untuk meningkatkan kualitas mata air melalui konservasi sumber daya air di bagian hulu daerah aliran sungai (DAS) sebagai salah satu prioritas untuk mendukung distribusi air bersih kepada masyarakat.

Star Energy Geothermal Wayang Windu (SEGWWL) melakukan upaya konservasi air melalui program restorasi in situ di sekitar wilayah operasional, yakni di Kawasan Leuweung Citere dan Citiis. SEGWWL bekerja sama dengan masyarakat dalam merehabilitasi kawasan tersebut dengan melakukan penanaman tanaman keras. Berkat upaya ini sumber air yang berada di kawasan tersebut sudah mulai pulih.

Star Energy Geothermal memberikan edukasi kepada masyarakat dan petani terkait pelestarian lingkungan dan revitalisasi mata air. Edukasi ini penting untuk menghadapi potensi bencana alam, serta mengelola potensi wisata lokal untuk dikembangkan menjadi destinasi ekowisata.

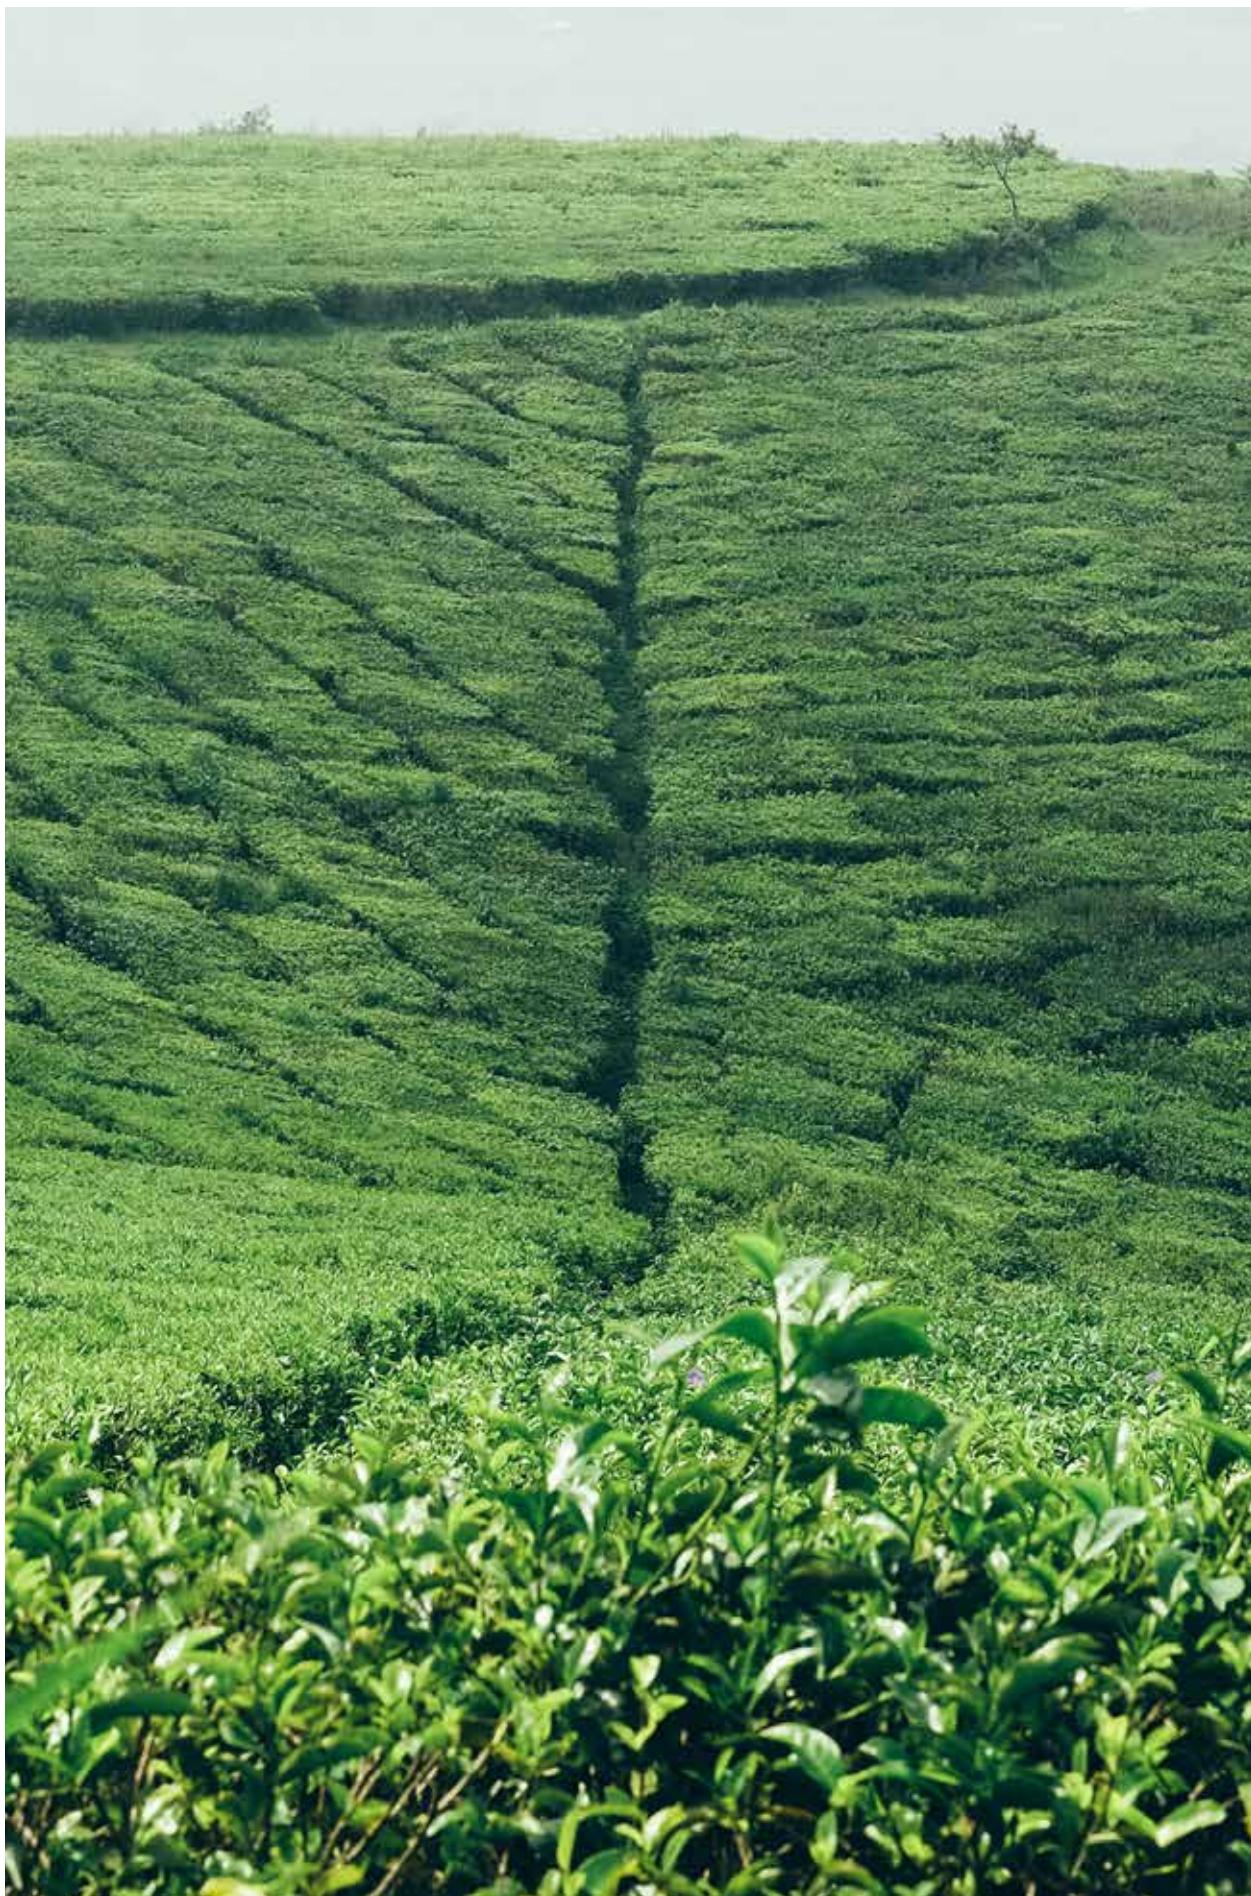

Star Energy Geothermal Salak (SEGS) bersama dengan Badan Usaha Milik Desa (BUMDES) Bhakti Kencana mengembangkan program Agrowisata Bhakti Kencana Pamijahan yang berlokasi di Desa Purwabakti, Kecamatan Pamijahan, Kabupaten Bogor. Program ini mengajak masyarakat untuk merestorasi kawasan hutan dengan membudidayakan tanaman produktif seperti kopi. Selain memiliki nilai ekonomi, tanaman kopi terbukti efektif untuk mencegah banjir dan tanah longsor. Sejak tahun 2019 hingga saat ini, sebanyak 1.000 tanaman kopi telah dibudidayakan di lahan seluas 8 Ha yang sebelumnya merupakan lahan rawan longsor.

In addition, SEG also pays special attention to the preservation of water sources. Land conversion and climate change have caused risks to water resources, including around the geothermal operation area. For this reason, SEG took the initiatives to improve the quality of springs through preservation of water resources in the upstream watershed as one of the priorities to support clean water distribution to the community.

Star Energy Geothermal Wayang Windu (SEGWWL) carries out water conservation efforts through an in-situ restoration program around its operation, Leuweung Citere and Citiis areas. SEGWWL cooperates with the community in rehabilitating the area by planting perennials. As a result, water sources in the area have begun to recover.

Star Energy Geothermal educates the public and farmers regarding environmental conservation and spring revitalization. This education is important to deal with potential natural disasters, as well as managing local tourism potential to be developed into ecotourism destinations.

Star Energy Geothermal Salak (SEGS) together with Village-Owned Enterprise (BUMDES) Bhakti Kencana have developed the Bhakti Kencana Pamijahan Agrotourism program located in Purwabakti Village, Pamijahan District, Bogor Regency. This program invites the community to restore forest areas by cultivating productive plants such as coffee. In addition to having economic values, coffee plants have been proven to be effective in preventing floods and landslides. Since 2019, as many as 1,000 coffee plants have been cultivated in an area of 8 Ha which was previously a landslide prone area.

ROYAL LESTARI UTAMA

RLU mengintegrasikan pelestarian dan perlindungan alam ke dalam kegiatan usaha. Kegiatan RLU mencakup pengelolaan aktif untuk wilayah hutan yang bernilai konservasi tinggi, perlindungan dan restorasi lahan, serta perlindungan satwa langka. Lebih dari 28.000 Ha area dari total wilayah operasi di Jambi dan Kalimantan Timur didedikasikan sebagai kawasan konservasi dan hutan lindung. Selain itu melalui program Wilayah Cinta Alam, RLU, menyediakan area seluas 9.700 Ha di Hutan Tanaman Industri (HTI) RLU sebagai habitat dan berkontribusi terhadap keselamatan Gajah Sumatra (*Elephas Maximus Sumatranus*) yang terancam punah serta satwa liar lainnya.

Pada 2021, RLU menyediakan 4.389 bibit tanaman di Jambi, dan 222 bibit tanaman di Kalimantan Timur untuk di restorasi. Penilaian Area Konservasi Tinggi yang dilakukan pada 2021 telah mengidentifikasi 5 *Critically Endangered* dan 4 *Endangered Species* di Jambi, serta 4 *Critically Endangered* dan 4 *Endangered Species* di Kalimantan Timur.

ROYAL LESTARI UTAMA

RLU integrates nature conservation and protection into its business activities. RLU activities include active management of forest areas with high conservation values, land protection and restoration, and protection of endangered species.

More than 28,000 Ha of the total operational area in Jambi and East Kalimantan are dedicated as conservation areas and protected forests.

In addition, through the Wilayah Cinta Alam program, RLU provides an area of 9,700 hectares in its Industrial Plantation Forest as a habitat which contributes to the protection of the endangered Sumatran Elephant (*Elephas Maximus Sumatranus*) and other wildlife.

In 2021, RLU provided 4,389 plant seeds in Jambi, and 222 plant seeds in East Kalimantan for restoration. The High Conservation Area assessment carried out in 2021 has identified 5 Critically Endangered and 4 Endangered Species in Jambi, as well as 4 Critically Endangered and 4 Endangered Species in East Kalimantan.

Ekonomi Sirkuler di IPST ASARI

Circular Economy at IPST ASARI

Industri Pengelolaan Sampah Terpadu-Atasi Sampah, Kelola Mandiri (IPST ASARI) di Cilegon, Banten adalah inisiatif penting Chandra Asri dalam melaksanakan *Extended Producer Responsibility* (EPR) untuk membantu Pemerintah Indonesia mengurangi penumpukan sampah di TPA dan sampah terbuang ke lautan hingga 70% pada 2025. EPR merupakan sebuah konsep di mana produsen harus bertanggung jawab atas dampak lingkungan yang ditimbulkan oleh produk mereka di sepanjang daur hidupnya.

Dengan pendekatan ekonomi sirkuler, IPST ASARI, yang dikelola komunitas KSM Sehati Maju Bersama, mengelola sampah secara *end-to-end*, di mana pengumpulan sampah dan produk hasil pengelolaannya dilakukan dan dapat dimanfaatkan kembali oleh masyarakat.

Sampah dari rumah tangga, industri, dan dari nelayan dikumpulkan untuk kemudian dilakukan pemilahan. Sampah bernilai ekonomi dijual ke industri daur ulang sedangkan sisanya diolah menjadi bahan bakar minyak (BBM) dengan proses pirolisis; sebuah metode dekomposisi kimia melalui proses pemanasan tanpa menggunakan oksigen.

Pada tahun 2021, IPST ASARI telah mencegah 8.199 kg plastik terbuang ke Tempat Pembuangan Akhir, dan menghasilkan 3.911 liter BBM Plas yang telah dimanfaatkan masyarakat sebagai bahan bakar kompor minyak dan campuran bahan bakar perahu nelayan.

The Integrated Waste Management Industry (IPST ASARI) in Cilegon, Banten is an important initiative of Chandra Asri in implementing Extended Producer Responsibility (EPR) to help the Government of Indonesia reduce the accumulation of waste in landfills and waste thrown into the ocean by 70% by 2025. EPR is a concept where producers must be responsible for the environmental impact caused by their products throughout their life cycle.

With a circular economy approach, IPST ASARI, which is managed by the KSM Sehati Maju Bersama community, performs end-to-end waste management, where the community collects waste and manages them into products that can be reused by the community.

Waste from households, industry, and from fishermen is collected for sorting. Waste with economic value is sold to the recycling industry while the rest is processed into fuel using the pyrolysis process, a method of chemical decomposition at high temperature without the use of oxygen.

In 2021, IPST ASARI has prevented 8,199 kg of plastic from entering landfill and produced 3,911 liters of fuel which has been used by the community for stoves and a mixture of fuel for fishing boats.

Jalan Aspal Plastik

Plastic Asphalt Road

Aspal plastik merupakan penerapan ekonomi sirkuler yang diinisiasi oleh Chandra Asri pada tahun 2018. Program ini memanfaatkan sampah kantong plastik yang tidak memiliki nilai jual dan tidak dapat didaur ulang sebagai bahan campuran aspal, sehingga siklus hidup plastik dapat diperpanjang sekaligus mengurangi beban lingkungan.

Berdasarkan hasil uji yang dilakukan oleh tim peneliti Chandra Asri dan Universitas Indonesia, campuran plastik pada aspal dapat menambah kekuatan aspal hingga 40%. Aspal menjadi tidak mudah terkikis dan biaya perawatan dapat dihemat. Sejak 2018, Chandra Asri telah memanfaatkan sampah plastik untuk campuran jalan aspal sepanjang 50,8 km dan telah mengalihkan 218.971 kg sampah plastik dari Tempat Pembuangan Akhir.

Plastic asphalt is an application of circular economy initiated by Chandra Asri in 2018. This program utilizes unrecyclable plastic bag waste that has no economic value as an asphalt mixture, to extend the life cycle of plastic while reducing the environmental burden.

Based on the tests results by Chandra Asri research team and the University of Indonesia, a mixture of plastic in asphalt can increase the strength of asphalt by up to 40%. The asphalt is not easily eroded, thus reducing maintenance costs. Since 2018, Chandra Asri has utilized plastic waste as a mixture for 50.8 km of asphalt road and has prevented 218,971 kg of plastic waste from landfill.

04

PEMBERDAYAAN EKONOMI

Economic Empowerment

Ekonomi merupakan motor penggerak pembangunan. Pemberdayaan ekonomi adalah inisiatif penting yang dapat menjadi lokomotif bagi pemerataan pembangunan dan kesejahteraan, serta merupakan manfaat yang diharapkan dari kehadiran Grup Barito Pacific di tengah-tengah masyarakat. Kondisi pandemi yang terjadi sejak tahun 2020 mengakibatkan menurunnya aktivitas ekonomi masyarakat sehingga mereka memerlukan dukungan dan pemulihannya serta mencari alternatif-alternatif baru untuk memenuhi kebutuhannya.

The economy is the driving force of development. Economic empowerment is an important initiative that can spearhead equitable development and welfare and is an expected benefit from the presence of Barito Pacific Group in society. The pandemic that has occurred since 2020 has resulted in the decline of community economic activities so that they need support to recover and look for alternatives to meet their needs.

PENDEKATAN KAMI

Bakti Barito and Grup Barito Pacific menyelenggarakan program-program yang ditujukan untuk meningkatkan keterampilan masyarakat dengan berbasis potensi dan sumber daya lokal. Berkaitan dengan menurunnya daya beli masyarakat akibat pandemi, Bakti Barito merancang program pemberdayaan sektor produksi pangan berkelanjutan untuk memenuhi kebutuhannya sendiri.

OUR APPROACH

Bakti Barito and Barito Pacific Group organize programs aimed at improving community skills based on local resources. In connection with the decline in people's purchasing power due to the pandemic, Bakti Barito has designed an empowerment program in sustainable food production to meet their own needs.

Bakti Pangan Lestari

Bakti Pangan Lestari

Seiring dengan bertambahnya populasi, beragam upaya dan inovasi diperlukan untuk membangun ketahanan pangan serta memastikan tercukupinya kebutuhan dan kemudahan akses terhadap nutrisi yang baik untuk semua. Menanggapi hal ini, Grup Barito Pacific melalui Bakti Barito, bekerja sama dengan Royal Lestari Utama dan bermitra dengan komunitas Joglo Tani, The Learning Farm, dan Paradesa, mengembangkan program Bakti Pangan Lestari, sebuah program pemberdayaan petani untuk meningkatkan produktivitas hasil pertanian melalui metode pertanian berkelanjutan dan terpadu yang dapat diimplementasikan di seluruh Indonesia.

Bakti Pangan Lestari memiliki 4 program utama yaitu:

PEMBINAAN SMK PERTANIAN

Pelatihan untuk meningkatkan kualitas pendidikan melalui peningkatan kompetensi dan keterampilan tenaga pendidik.

AGRICULTURAL VOCATIONAL SCHOOL FOSTERING

Improving the quality of education by improving the competence and skills of educators.

KAWASAN PANGAN LESTARI

Pelatihan kepada petani karet agar mampu mengelola sebagian lahan mereka menjadi lahan pertanian terpadu organik.

SUSTAINABLE FOOD AREA

Training for rubber farmers to manage part of their land into organic integrated farming land.

In line with population growth, various efforts and innovations are needed to build food security and ensure sufficient needs and easy access to good nutrition for all. In response to this, Barito Pacific Group through Bakti Barito, in collaboration with Royal Lestari Utama and in partnership with Joglo Tani community, The Learning Farm, and Paradesa, have developed the Bakti Pangan Lestari program, a program to empower farmers to increase agricultural productivity through integrated and sustainable farming methods that can be implemented throughout Indonesia.

Bakti Pangan Lestari has 4 main programs as follows:

URBAN FARMING

Pelatihan untuk mencapai kemandirian dalam pemenuhan sebagian kebutuhan pangan keluarga dalam kondisi pandemi dan keterbatasan logistik di Kawasan Perkotaan yang minim lahan.

URBAN FARMING

Training for self-reliance in fulfilling part of the family's food needs in pandemic conditions and logistical limitations in urban areas with minimum land.

REVITALISASI KURIKULUM SMK PERTANIAN

Revitalisasi kurikulum untuk mempersiapkan siswa SMK agar menjadi petani kompeten, dan menjaga ketahanan pangan nasional.

REVITALIZATION OF THE AGRICULTURE VOCATIONAL HIGH SCHOOL CURRICULUM

Curriculum revitalization to prepare vocational school students to become competent farmers, and maintain national food security.

Untuk mengupayakan keberlanjutan program serta mencapai dampak yang diinginkan, kami menerapkan prinsip-prinsip keberlanjutan, yaitu:

1. Menyusun desain program pelatihan yang dapat direplikasi;
2. Program berbasis pada peningkatan keterampilan (*know-how*) dengan membina *master trainers*;
3. Pelibatan pemangku kepentingan;
4. Meningkatkan *sense of ownership* dari masyarakat.

Pada tahun 2021, pelaksanaan program Bakti Pangan Lestari dititikberatkan pada upaya mencetak petani muda kompeten, modern, dan sejahtera untuk menjaga dan memastikan ketahanan serta kemandirian pangan bangsa, melalui revitalisasi kurikulum SMK Pertanian bidang keahlian Agribisnis dan Agroteknologi dengan memperkenalkan program Keahlian Usaha Pertanian Terpadu.

Arah pelaksanaan program ini didasarkan atas pengalaman dan bukti di lapangan di mana program ini telah memberikan manfaat bagi petani kecil di Jambi untuk memenuhi kebutuhan pangan secara mandiri selama pandemi. Berdasarkan capaian ini, program pertanian terpadu *intensive farming* (bertani dengan lahan dan sumber daya terbatas dengan hasil optimal) merupakan sebuah jawaban untuk menghadapi tantangan di masa depan.

For program sustainability and to achieve the desired impact, we apply the following sustainability principles:

1. Designing training programs that can be replicated;
2. Programs based on skills improvement (know-how) by fostering master trainers;
3. Involving key stakeholders;
4. Increasing sense of ownership from the community.

In 2021, the implementation of Bakti Pangan Lestari program was focused on producing competent, modern, and prosperous young farmers to maintain and ensure food security and self-sufficiency of the nation, through revitalizing the Agriculture Vocational School curriculum in the field of Agribusiness and Agrotechnology by introducing the Integrated Agricultural Business Skills program.

The direction of this program is based on experience and evidence in the field, where this program has provided benefits for small farmers in Jambi to meet their food needs independently during the pandemic. Based on this achievement, the intensive farming integrated program (farming with limited land and resources with optimal results) is an answer to face future challenges.

Bakti Pangan Lestari dianugerahi Kategori Emas pada Indonesia Sustainable Development Award 2021, sebuah evaluasi independen tahunan terhadap program keberlanjutan perusahaan dalam mencapai Tujuan Pembangunan Berkelanjutan.

Bakti Pangan Lestari was awarded the Gold Category at the 2021 Indonesia Sustainable Development Award, an annual independent evaluation of company sustainability program in achieving the Sustainable Development Goals.

“**SUGIYO**

Ketua komunitas petani di desa Napal Putih, Kabupaten Tebo, Jambi
The head of the farmer community in Napal Putih village, Tebo Regency, Jambi

Program Bakti Pangan Lestari telah mengajarkan saya untuk mempelajari prinsip-prinsip pertanian berkelanjutan yang membantu meningkatkan hasil pertanian kita, berguna untuk kebutuhan pokok kita sehari-hari selama pandemi COVID-19.

The Bakti Pangan Lestari Program has taught me the principles of sustainable agriculture that help increase our agricultural yields, which is useful for our daily basic needs during the COVID-19 pandemic.

“**DIMAS RIYADI**

Siswa SMK Napal Putih 9 Tebo, Jambi
Student of SMK Napal Putih 9 Tebo, Jambi

Di The Learning Farm, saya belajar materi pertanian seperti bagaimana menanam sayuran dan cara membudidayakannya. Saya ingin menjadi petani yang sukses, dan menambahkan lebih banyak variasi di sektor pertanian lokal yang saat ini didominasi oleh perkebunan kelapa sawit dan karet.

At The Learning Farm, I learned agricultural materials such as how to grow vegetables. I want to be a successful farmer, and add more variety in the local agricultural sector which is currently dominated by palm and rubber plantations.

Program Pemberdayaan Ekonomi di Grup Barito Pacific

Economic Empowerment Programs in Barito Pacific Group

CHANDRA ASRI

Kegiatan pemberdayaan ekonomi masyarakat untuk masyarakat di sekitar daerah operasi Chandra Asri difokuskan pada pemberdayaan usaha mikro kecil dan menengah serta peningkatan kapasitas masyarakat. Chandra Asri juga mengintegrasikan kegiatan ekonomi sirkuler dengan kegiatan ekonomi seperti bank sampah dan pembuatan bahan bakar plastik sehingga menjadi sumber pendapatan baru bagi komunitas.

STAR ENERGY GEOTHERMAL

Desa Sejahtera adalah program CSR yang dilakukan oleh SEG pada desa-desa dalam Ring-I kegiatan panas bumi Wayang Windu, Salak, dan Darajat. Setiap desa memiliki program tematik sendiri-sendiri sesuai dengan kapasitas dan sumber daya setempat terutama yang berkaitan dengan kegiatan pertanian yang merupakan mata pencarian andalan masyarakat setempat.

Selama masa pandemi, produk kopi yang dikelola oleh Badan Usaha Milik Desa (BUMDES) Desa Barusari, Garut, sulit diserap oleh pasar akibat turunnya daya beli masyarakat. Menanggapi hal ini, SEG Darajat membantu BUMDES Desa Barusari untuk melakukan diversifikasi produk olahan kopi dalam kemasan sachet dengan harga terjangkau. Melalui sistem konsinyasi, produk kopi sachet BUMDES Desa Barusari kini telah beredar di pasar lokal. Inovasi ini memberikan manfaat pada para petani kopi lokal dan mencatatkan omzet penjualan yang memuaskan dalam kurun waktu 4 bulan.

ROYAL LESTARI UTAMA

Hadirnya petani kecil di sekitar wilayah kelolaan RLU membuka peluang untuk meningkatkan kesejahteraan mereka dengan Program Kemitraan. RLU memberikan pembinaan dan pelatihan kepada petani agar mereka bisa terlibat dalam rantai pasok dan tumbuh berkelanjutan. Kemitraan juga menjadi model untuk mengikutsertakan masyarakat adat setempat untuk memperoleh akses ekonomi yang berkeadilan sekaligus melindungi hak-hak mereka.

CHANDRA ASRI

Economic empowerment activities for communities around Chandra Asri's operational areas are focused on empowering micro, small, and medium enterprises and increasing people's capacity. Chandra Asri also integrates circular economic activities with economic activities such as waste banks and the manufacture of plastic fuel that can become a new source of income for the community.

STAR ENERGY GEOTHERMAL

"Desa Sejahtera" is a CSR program carried out by SEG for villages in Ring-I of Wayang Windu, Salak, and Darajat geothermal activities. Each village has its own thematic program in accordance with local capacity and resources, especially those related to agricultural activities which are the mainstay of the local community.

During the pandemic, the coffee products managed by the Village-Owned Enterprises (BUMDES) of Barusari Village, Garut, were difficult to absorb by the market due to the decline in people's purchasing power. In response to this, SEG Darajat helped BUMDES Barusari Village to diversify processed coffee products in sachets at affordable prices. Through the consignment system, the BUMDES Desa Barusari sachet coffee products are now circulating in the local market. This innovation benefits local coffee farmers and recorded a satisfactory sales turnover within 4 months.

ROYAL LESTARI UTAMA

The presence of small farmers around the area managed by RLU opens opportunities to improve their welfare with the Partnership Program. RLU provides guidance and training to farmers so that they can be involved in the supply chain and grow sustainably. The partnership is also a model for involving local indigenous people to gain equitable economic access while protecting their rights.

KAWASAN RUMAH PANGAN LESTARI

Kawasan Rumah Pangan Lestari (KRPL) adalah inisiatif Bakti Barito bersama Royal Lestari Utama berupa aktivitas pelatihan pertanian terpadu yang difasilitasi oleh Joglo Tani mengarahkan para petani di kawasan hutan. Program ini membantu para petani memenuhi ketercukupan pangan dalam skala rumah tangga serta meningkatkan pendapatan mereka ataupun mengurangi biaya belanja makanan dengan pemanfaatan lahan di rumah masing-masing. Sebanyak lebih dari 700 orang petani hutan telah mengikuti pelatihan dan pembinaan yang dilakukan dalam program KRPL ini.

SUSTAINABLE AGRICULTURE AREA

The Sustainable Agriculture Area is an initiative of Bakti Barito with Royal Lestari Utama in the form of integrated agricultural training activities facilitated by Joglo Tani to direct farmers in forest areas. This program helps farmers to meet food security at a household scale and increase their income or reduce food costs by using the land in their respective homes. A total of more than 700 forest farmers have participated in the training and coaching carried out in this program.

05

SOSIAL
Social

Bakti Barito menghargai inisiatif-inisiatif yang dilakukan individu, komunitas, dan organisasi masyarakat sipil yang mempromosikan kesetaraan dan keadilan sosial untuk semua orang. Dukungan terhadap sosial kemasyarakatan juga berarti mendukung pemenuhan kebutuhan esensial dan peningkatan kesejahteraan bagi masyarakat.

Bakti Barito appreciates the initiatives of individuals, communities and civil society organizations that promote equality and social justice for all. Social support also means supporting the fulfillment of essential needs and improving the quality of life of the community.

PENDEKATAN KAMI

Program sosial merupakan bentuk penyaluran kepedulian Barito Pacific Group terhadap kondisi sosial kemasyarakatan di sekitar daerah operasional perusahaan dan daerah-daerah lain di seluruh Indonesia yang membutuhkan. Bakti Barito senantiasa berusaha untuk hadir di tengah-tengah masyarakat di saat yang paling dibutuhkan. Upaya di bidang ini juga diharapkan menjadi pemanfaat dan pengaktif bagi kemandirian masyarakat secara berkelanjutan. Kami menjalankan program ini melalui kegiatan di bidang:

MENDUKUNG PENANGGULANGAN COVID-19 DI INDIA

Gelombang varian Coronavirus yang terjadi di India mengetuk rasa kemanusiaan untuk saling mendukung. Dengan tujuan mendukung pemerintah Indonesia dalam komitmennya untuk membantu India menanggulangi pandemi COVID-19, Bakti Barito ikut berpartisipasi dalam program pengiriman bantuan kemanusiaan oleh pemerintah Indonesia berupa 2.000 tabung oksigen ke India.

OUR APPROACH

The social program is a form of Barito Pacific Group's concern for social conditions around the company's operational areas and other areas throughout Indonesia. Bakti Barito always tries to be present in the society when it is most needed. Efforts in this field are also expected to trigger and motivate community self-reliance in a sustainable manner. Bakti Barito carries out social programs through activities in the areas of:

SUPPORTING COVID-19 RESPONSE IN INDIA

The wave of a Coronavirus variant in India has triggered humanity's sense to support each other. With the aim of supporting the Indonesian government in its commitment to assist India in tackling the COVID-19 pandemic, Bakti Barito participated in the Indonesian government's delivery of humanitarian aid in the form of 2,000 oxygen cylinders to India.

Penyerahan donasi kemanusiaan ini diberikan kepada Duta Besar India oleh Menteri Koordinator Bidang Perekonomian RI dan Menteri Perindustrian RI, serta dihadiri anggota Direksi PT Barito Pacific Tbk.

MENDUKUNG KEGIATAN ORGANISASI MASYARAKAT SIPIL

Bakti Barito mendukung kegiatan-kegiatan yang dilakukan oleh organisasi masyarakat sipil (CSO) yang programnya memiliki dampak besar dan sangat dibutuhkan oleh masyarakat.

CSO yang didukung Bakti Barito pada tahun 2021 antara lain:

BUNG HATTA ANTI CORRUPTION AWARD

Bung Hatta Anti Corruption Award bergerak pada integritas individu Indonesia dengan menyeleksi pemimpin-pemimpin Indonesia yang berprestasi dengan riwayat yang bersih dari korupsi dengan harapan menyebarluaskan praktik baik dan bersih kepada masyarakat luas.

YAYASAN PEMBINAAN ANAK CACAT

Yayasan Bakti Barito mendukung Yayasan Pembinaan Anak Cacat (YPAC) untuk penyelenggaraan program pelayanan rehabilitasi secara terpadu bagi penyandang disabilitas untuk meningkatkan kapasitas penyandang disabilitas termasuk dengan program-program yang mendorong motivasi penyandang disabilitas untuk berprestasi di bidang ilmu pengetahuan, keterampilan, dan seni budaya.

YAYASAN ANNIE-EBU GOBEL

Pada tahun 2021, Bakti Barito mendonasikan dana sebesar Rp500.000.000 kepada Yayasan Annie-Ebu Gobel yang kemudian disalurkan dalam bentuk sembako bulan Ramadhan kepada 25.000 masyarakat yang membutuhkan.

BIAYA PENELITIAN KANKER GINEKOLOGI

Donasi dari Ketua Dewan Pembina Yayasan Bakti Barito, Ibu Harlina Tjandinegara, sebesar S\$100.000 sebagai biaya penelitian untuk kanker ginekologi kepada *Division of Gynecologic Oncology* yang merupakan bagian dari Departemen Obstetri dan Ginekologi Yong Loo Lin School of Medicine, National University of Singapore. Donasi ini ditujukan untuk memberikan kontribusi kepada kemajuan penelitian pengobatan kanker bagi para perempuan di seluruh dunia.

This humanitarian aid was given to the Indian Ambassador by the Coordinating-Minister for Economic Affairs of the Republic of Indonesia and the Minister of Industry of the Republic of Indonesia and was attended by the Board of Directors of PT Barito Pacific Tbk.

SUPPORTING THE ACTIVITIES OF CIVIL SOCIETY ORGANIZATIONS

Bakti Barito supports the activities carried out by civil society organizations (CSOs) whose programs have a large impact and are very much needed by the community. CSOs supported by Bakti Barito in 2021 include:

BUNG HATTA ANTI-CORRUPTION AWARD

Bung Hatta Anti Corruption Award runs by the integrity of the Indonesian individuals by selecting outstanding Indonesian leaders with a history of being clean of corruption in the hope of disseminating good and clean practices to the wider community.

FOUNDATION FOR DEVELOPMENT OF DISABLED CHILDREN

Bakti Barito supports the Foundation for Development of Disabled Children (YPAC) in an integrated rehabilitation service program for people with disabilities to increase their capacity, including programs that encourage their motivation to excel in the fields of science, skills, and arts and culture.

ANNIE-EBU GOBEL FOUNDATION

In 2021, Bakti Barito donated a total fund of IDR500,000,000 to Annie-Ebu Gobel Foundation, which was channeled as basic food packages distribution for 25,000 people in need during the month of Ramadhan.

GYNECOLOGICAL CANCER RESEARCH FUNDING

Donation from the Chairperson of Bakti Barito Foundation Board of Trustees, Ms. Harlina Tjandinegara, amounted to S\$100,000 as research funding for gynecological cancer to the Division of Gynecologic Oncology which is part of the Department of Obstetrics and Gynecology of Yong Loo Lin School of Medicine, National University of Singapore. This donation is aimed to contribute to the advancement of cancer treatment research for women around the world.

PROGRAM RUTIN KEAGAMAAN

Untuk menciptakan hubungan yang harmonis dengan masyarakat sekitar, Bakti Barito rutin memberikan dukungan kepada masyarakat dalam perayaan hari-hari besar keagamaan. Dukungan tersebut diberikan dalam bentuk bantuan sembako, hewan kurban, bingkisan Hari Raya, dan lain-lain.

ROUTINE RELIGIOUS PROGRAM

To create a harmonious relationship with the surrounding community, Bakti Barito routinely provides support to the community in celebration of religious holidays. The support was given in the form of basic food assistance, sacrificial animals, religious day celebration gifts, and others.

Program Sosial di Grup Barito Pacific

Social Programs in Barito Pacific Group

CHANDRA ASRI

Chandra Asri membangun kedekatan dengan masyarakat sekitar melalui program-program bantuan kebutuhan masyarakat di bidang infrastruktur, kesehatan, kegiatan sosial keagamaan, serta kegiatan *community awareness* yang bertujuan untuk membangun komunikasi dan kerja sama dalam mengelola risiko aset perusahaan seperti jalur pipa yang melintasi daerah publik.

Pada tahun 2021, Chandra Asri mendonasikan 75 ekor kambing dan 1 ekor sapi untuk hewan kurban kepada 46 instansi di Cilegon dan Kabupaten Serang, serta donasi 40.450 kemasan *thin-wall* sebagai wadah kemasan untuk distribusi daging kurban.

STAR ENERGY GEOTHERMAL

Unit-unit usaha SEG Wayang Windu, Salak, dan Darajat melakukan pertemuan rutin dengan masyarakat untuk membahas hal-hal yang terkait dengan risiko panas bumi termasuk meningkatkan kapasitas masyarakat dengan edukasi. Program sosial SEG juga meliputi bantuan kesehatan, perbaikan sarana dan prasarana masyarakat serta kegiatan keagamaan setempat.

ROYAL LESTARI UTAMA

Kegiatan-kegiatan sosial kemasyarakatan yang dilakukan RLU bertujuan untuk mendukung pelaksanaan Community Partnership Program (CPP) untuk memperkuat stabilitas sosial dan ekonomi masyarakat. RLU juga menyelenggarakan kegiatan Forum Masyarakat rutin dua bulanan yang membahas isu-isu yang terkait dengan kegiatan perusahaan dan kondisi yang dihadapi komunitas.

CHANDRA ASRI

Chandra Asri builds social attachment with the surrounding community through programs to support the needs of the community in the fields of infrastructure, health, religious social activities, as well as community awareness activities aimed at building communication and cooperation in managing the risk of company assets such as pipelines crossing public areas.

In 2021, Chandra Asri donated 75 goats and 1 cow for Eid al-Adha sacrificial animals to 46 agencies in Cilegon and Serang Regency, and 40,450 thin-wall containers as packaging for the distribution of the meat.

STAR ENERGY GEOTHERMAL

SEG's business units of Wayang Windu, Salak, and Darajat hold regular meetings with the community to discuss issues related to geothermal risks, including community capacity building through education. SEG's social programs also include health assistance, improvement of community facilities and infrastructure as well as local religious activities.

ROYAL LESTARI UTAMA

The social activities carried out by RLU aim to support the implementation of the Community Partnership Program (CPP) to strengthen the social and economic stability of the community. RLU also organizes bi-monthly Community Forum to discuss issues related to Company activities and conditions faced by the community.
